

Minersville School District  
PO Box 787  
Minersville, PA 17954

Hello

This letter is to inform you that we are offering a mobile app for you to download to your device that allows parents/guardians to access information regarding their child. You will need an active parent portal account in order for you to log in with the app. You can access a video explaining the mobile app and download links to Google Play and the Apple App Store by clicking [here](#). If you do not have a parent portal account, you can create one by following the instructions [here](#) and clicking this [link](#) to the “student information portal” set up page. Instructions for installing the mobile app can be found by clicking [here](#). Make sure the parent portal account is completed including changing the temporary password before you use the mobile app. Keep in mind that the parent portal username is not the username that you will use on the mobile app although the password will be the same.

Information that you will need to use the mobile app:

- District code is: miasd
- Your email address that is on file.
- Student name
- Student ID Number

In order to access your student information via our webpage you can go to the home page and click on the “Student Information Portal” located on the left side menu.

**Students:** For student webpage access, go to:

<https://miasd.paportals.studentinformation.systems/default.aspx?ReturnUrl=%2fstudent>

Thank you.
